Sign Up

You can become a free member by clicking the Sign Up button on the homepage and filling out the information in the form that opens.

Login Page

The image shows a login form titled "Login" in red text. It is set against a white background with rounded corners, which is itself centered within a larger red rectangular frame. The form contains two input fields: "Email" and "Password", both with light gray borders. Below the "Password" field is a red link that says "Forgotten password?". At the bottom center of the form is a red button with the word "Login" in white text.

If you have an account, you can click the Login button on the homepage. You can log in after filling in the e-mail and password fields in the form that opens.

The image shows a password reset form titled "Login" in red text. It is set against a white background with rounded corners, which is itself centered within a larger red rectangular frame. The form contains two input fields: "Email" and "Password", both with light gray borders. Below the "Password" field is a red link that says "Forgotten password?". Below this link is a text prompt "Enter your e-mail address to reset your password" in blue text, followed by a light gray input field. At the bottom center of the form is a red button with the word "Reset" in white text.

If you forget your password, there is a password reset option.

Add Product

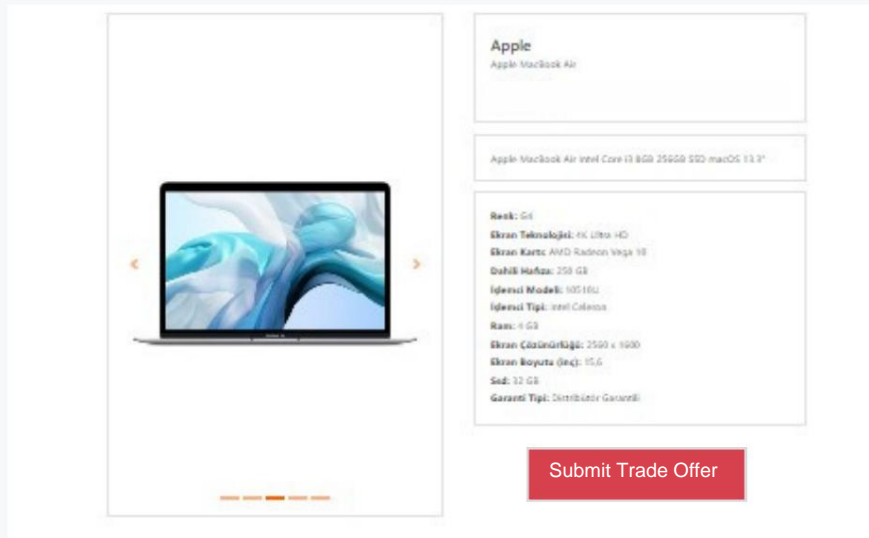

On this page, you can manage the products that you have exchanged and requested to exchange.

Discover Page/Product Listing

On this page, users can view the products listed by other users.
With the search and filtering features, they can find and list the products they want.

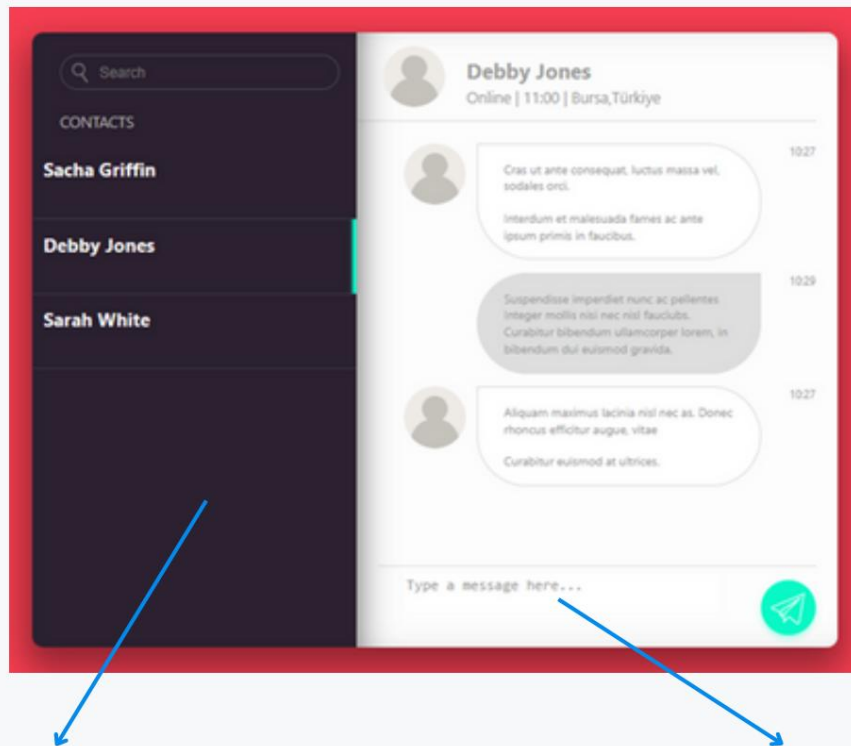

Product Detail Page

When the user clicks on the product he is interested in, he is directed to the page with the product image on the left and the product name on the right.

Messaging Page

Users are directed to the messaging page after clicking the "send trade offer" button.

The "Contacts" section on the left side of the messaging page is a feature that allows users to easily communicate with other users they want to exchange. This part is a list of other users that the user wants to trade with.

After the message is written in the specified field, the send button is clicked to send it to the other party.
